

The college aligns with the evaluation reforms established by Gondwana University, as outlined below:

1. The examination cell ensures the fairness of the evaluation process.
2. Maintenance of internal examination records is a responsibility of the college's Examination Cell.
3. Students are actively encouraged to dedicate themselves to their studies and are motivated for improved performance in upcoming examinations.
4. The college strictly adheres to the University's guidelines for conducting internal assessments.
5. Faculty members assign homework to students as part of their academic responsibilities.
6. Organizing study tours and visits to research centers is a regular practice.
7. Internal assessment is mandatory at the college level.
8. B.A. I, II, III students undergo theory-type examinations.
9. Providing photocopies of answer books for students to review their results is a standard practice.
10. Environmental Science B.A. II-year students are required to complete a project.
11. Semester VI students must undertake a compulsory project on Research Methodology.
